

COMMUNITY SEPTIC MANAGEMENT BETTERMENT PROGRAM

INTRODUCTION

The Town of Medway invites those in need of septic system repairs or replacement to apply for a Loan under the Town's Community Septic Management Betterment Program. The proceeds of a \$200,000.00 loan from the Massachusetts Water Pollution Abatement Trust and the Massachusetts Department of Environmental Protection are being utilized to help homeowners comply with Title V State Regulations. This will be done by repairing or replacing failed on-site sanitary sewage disposal systems or providing connections to the municipal sewer system. The object of the Betterment Program is environmental and public health.

GENERAL PROGRAM DETAILS

The Town of Medway program is a low interest loan at 2% based on a 20 year payment plan. This allows homeowners to repair their septic systems through the payment of a betterment. The Town of Medway does not conduct an equity or credit check for the Betterment Program participants. The only check is to determine taxes due to the Town, and only residents that are currently certified by the Tax Collector's office as showing no outstanding balance due on Real Estate Tax bills or Water bills are eligible for the Betterment Program. The loan application is processed under the direction of the Board of Health. Payments are made at the time of normal tax payment for the real estate property, and the loan is added to the resident's tax bill automatically.

WHO IS ELIGIBLE?

The Betterment Program is designed as a town-wide program to protect the Town's public health and environment.

HOW DO I APPLY?

To obtain an application or ask questions, call the Board of Health during normal business hours at 533-3206 or email bhallal@townofmedway.org
