

Medway Recycles!

Already "Thinking Green"? Medway DPS thanks you! We are noticing excellent recycling efforts but would like to offer a few helpful tips:

Please **DO** recycle the following items curbside:

Metal Cans

Plastic Containers

Paper

Paper Cardboard

Flattened Cardboard/Paperboard

Glass Bottles/Jars

Please do **NOT** recycle the following items curbside:

NO Film Plastics—Retail & Produce Bags, Food Storage Bags, Dry Cleaning Bags, Product Wraps, Air Pillows, etc. Many grocery stores will accept these.

NO Polystyrene Foam — Styrofoam take-out containers, coffee cups, packing peanuts, etc. We do accept these for drop off at our Recycle Center.

NO Rigid Plastic — Flower pots, crates, kid's toys, trash barrels, buckets, laundry baskets, etc. We do accept these for drop off at our Recycle Center.

Please do **NOT** place your recyclables out in the following way:

Please do not tie up your recyclables in a plastic bag. The plastic bags are not recyclable and all items should be kept loose within the cart.

Please do not place your recyclables outside of the official Medway blue recycle cart. They cannot be collected this way. Any overflow items can be brought to the Recycle Center.

Please break down your recyclables so that you can fit more into your cart and close the lid completely.

- * No Wax Lined Containers
- * No Soiled Containers (please rinse)
- * No Shredded Paper
- * No Food Waste
- * No Hazardous or Medical Waste Containers
- * No Plastic/Paper Eatery or Clamshell Packaging
