Re: 11, 13, 15 & 17 Fairway Lane, Medway, MA

Subject: Wetland Resource Area Review

Dear Ms. Graziano:

I, Arthur Allen of EcoTec Inc., have reviewed the Notice of Intent plan (date March 15, 2018) and have reviewed the project site in accordance with the Massachusetts Wetlands Protection Act Regulations (310 CMR 10.00) and procedures. I found the boundary of Bordering Vegetated Wetlands associated with flags GC1 to GC10 to be accurately delineated based on soils, vegetation and hydrology. I also found the wetland to be accurately represented on the plans. I did not find any other wetland resource areas in the vicinity of the proposed project which includes an emergency access drive and a sewer line.

Please let me know if you have any comments or questions.

Sincerely,

Arthur Allen  
Certified Professional Soil & Wetland Scientist
