 Peter Pelletier

Deputy Director
 Sean Harrington

Utility As-Built Form

- By State Law, Dig-Safe must be contacted at least 72 business hours in advance of all non-emergency work in order to have all public utilities marked clearly. For all emergency work, Dig-Safe must be contacted within 2 hours of the start of work.
- **24-hour notice is required for inspections. Do not backfill until an inspection is performed on a service repair, or an inspection is performed on the entire new service. You will be asked to re-excavate for inspection if it's not visible.**
- Service connection to be shown on plan below with measurements.
- **This plan will be completed and submitted to the inspector at the time of inspection. If not complete you may be subject to penalties and fines.**

Service Address _____ Permit # _____
