Features and Services to Support Your Healthcare and Benefits Journey

24/7 Healthcare Concierge

Our concierges are available around the clock to support you with questions about your benefits and many additional services, including:

Provider and Facility Recommendations

Our concierge will extensively research every recommendation and call to confirm in-network participation and availability. We will direct you to the highest-quality, fair priced, and most convenient facilities based on your specific situation and preferences.

Appointment Booking

We can help confirm provider availability and schedule appointments on your behalf based on your preferences.

Health Cost Estimation

We provide cost and quality transparency that makes shopping for medical services simple.

Prescription Savings Review

Rx costs can skyrocket so we use several savings strategies to help you find lower-cost medication alternatives, saving you real dollars.

Dental and Vision Assistance

We can help you with your dental and vision needs, like finding providers, making appointments, explaining benefits and more.

Answer Benefits Questions

Our concierges can help with general questions about your health plans, other benefits, and more.

Disclaimer: While HealthJoy is not your insurance, we are here to help you navigate the system and understand your benefits. At times we may need to contact your insurance to help with your request but we take the burden off of you to do the research. Also, some providers may not provide information directly to HealthJoy as a third party and we'll let you know if that happens so you can work directly with the provider.

Features and Services to Support Your Healthcare and Benefits Journey

In-App Features

HealthJoy contains many self-service features to provide information and resources right at your fingertips.

Home Screen

Your starting point from within the app. On this screen you can view your Health Coverage information, view Health Recommendations, or jump to your available Health Programs.

Provider Search

Search for in-network providers using our map feature or connect with a concierge for an extra helping hand.

Inbox

The inbox is where our concierges will send you follow-up information and where your employer may reach out periodically with important messages for you. You can also view past requests that were completed on your behalf. Be sure to turn on all notifications for HealthJoy in your phone's settings so you will know when to check the app for updates.

Chat

Connect with JOY, our chatbot, who will quickly navigate you to the best resource based on your inquiry. Want to connect with a live concierge? No problem, just let JOY know and she'll get you connected instantly.

Personalized Benefits Wallets

The benefits wallet shows a digital version of all your employee benefits. You'll never have to dig for your insurance card, a benefit phone number, or deductible information again. It's all in your HealthJoy wallet.

Deductible Accumulator

You can see how your health plan deductible and out-of-pocket maximums are tracking on a daily basis right within the app.

Profile

View your personal information, family members, and coverage details. You can also update your contact email, phone number and settings in the Profile section.

Health Goals

A personalized health plan and care recommendations based on your unique health goals.

Features and Services to Support Your Healthcare and Benefits Journey

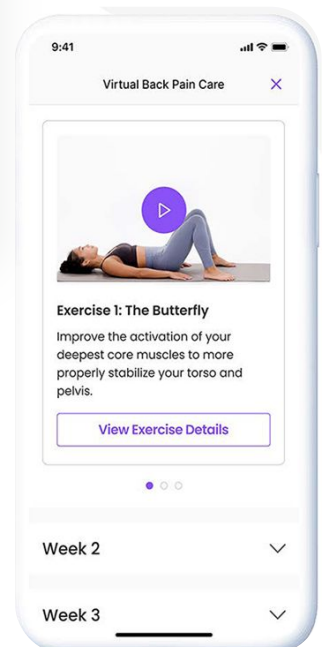

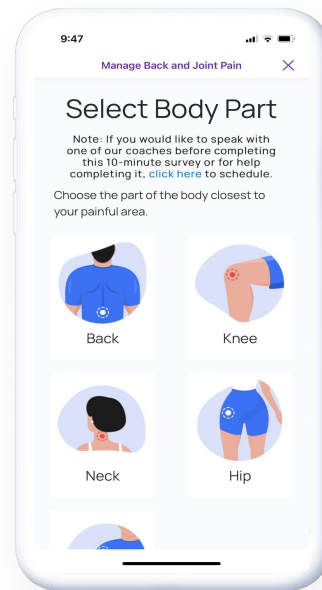

No-Cost Virtual Exercise Therapy Program

HealthJoy's **free** Virtual Exercise Therapy Program is an effective exercise therapy program for individuals struggling with **back, neck, shoulder, knee, hip, hand, wrist, elbow, ankle, and/or foot** pain. With guidance and support from a personal coach, you can significantly reduce pain and improve function in just 15 minutes per day. Better yet, this program is completely free for you to use!

How Does it Work?

- Access the program through the HealthJoy app by clicking on "Manage Back and Joint Pain" from the menu.
- Complete a 15-minute intake survey so we can better understand your unique situation.
- You'll be paired with a personal coach, who will reach out to schedule an introductory phone call.
- Your coach will design a care plan with up to 12 weeks of exercises that can be done at home or on-the-go, and will be there to support you throughout the program.
- Your coach will provide maintenance exercises once you've completed the program.

"When I started this program I could only walk short distances, had very limited standing tolerance, experienced difficulty climbing stairs. I'm amazed to say that I'm now 100% pain-free! I loved the usability of the app and how this program fit perfectly around my busy schedule. It's wonderful that this program is completely free!"
