P = Plowing by Medway DPW S = Sanding				Prepared by the Medway Planning and Economic Development office Updated December 12, 2022			
NOTE - Unaccepted streets are those which were planned and permitted as part of an approved definitive subdivision plan with the intention that they would ultimately be accepted by the Town as public ways. Roads must be officially "laid out" by vote of the Board of Selectmen. However, Town Meeting must approve streets for acceptance after which the necessary paperwork is prepared and recorded with the Norfolk County Registry of Deeds for a road to be officially conveyed to the Town.
