Call received from the above resident requesting advice on an ongoing matter. Resident reports that a neighboring resident continues to come over at night to tell them that their music or company which they are having is too loud and to turn it down. Caller states that on 03/04 and 03/10 the neighbor both came over to tell them their music was too loud and called the Police to respond (IN#s 2017-2403, 2653). Caller states that at both times Police responded and the noise level was not an issue.

Caller also states that the neighbor continues to come over and tell them their music and company is too loud when the volume levels are at a respectable level.

Caller feels that it is at a point where every time an extra vehicle is in the driveway or it appears company is over that the neighbor calls to complain.

Caller was advised of the steps to take in order to obtain a 258e Order of Harrassment Prevention and to log each incident when the neighbor comes over.
