**Agenda - AMENDED**  
**Wednesday, April 3, 2019 7:30pm**  
Medway Senior Center

1. Call to Order and check attendance: Gene Liscomb, Cher Hamilton, Jeanne Johnson, Bruce Hamblin, Paul Russell, Kathleen Hickey  
Introduce guests: McKenzie Ward (student)-? Property owners?
2. Continuation of March 20th Public Hearing on application to demolish the barn at 260 Village Street. HC needs to vote: is the barn preferably preserved? If so, a delay of demolition will be imposed. If not, the HC has no further involvement in the application and the building department may proceed to issue a permit to demolish it. The barn is in poor condition and the owners want to demolish it and build a two-car garage. We found the barn to be historically significant due to its age and its location, and we wanted more information.
3. **Initial Demolition Application submitted 03.29.2019 for 32 Milford Street – review application to demolish existing home (built in 1855) and build a new home slightly farther back from road.**
