

Looking for Leaks

Here's a checklist of the places you should look for drips or moisture that indicates a plumbing leak:

Indoors

Kitchen

- Sink faucet and spray hose
- Dishwasher
- Refrigerator (including icemaker)

Bathrooms and lavatories

- Toilets
- Bathtub faucets
- Showerheads
- Sink faucets
- Jacuzzis
- Bidets

Laundry rooms, utility rooms and basements

- Washing machine
- Water softener
- Humidifier
- Hot water tank
- Boiler
- Utility sink
- Pipes and shut-offs

Outdoors

- Faucets
- Garden hose and connections
- Lawn sprinkler system
- Swimming pool
- Hot tub or spa
- Ponds and fountains
