Charles River Amphitheatre (continued from inside)
be a good neighbor to residents. Please park and walk only
on the town-owned property. Paddlers can paddle upstream,
potentially as far as West Medway Dam, though fast water
and/or a beaver dam at Shaw Street bridge often make that
the upstream limit for most paddlers.

16 Matondi Park

Street. Has several war memorials and is traditional
end of Medway’s Memorial Day Parade. Formally named
Monument Square, it was renamed in 2010 in honor of
Col. Michael Matondi, a Medway resident with a long and
distinguished record of military service, as well as service
to the town.

17 North Street Park
Playground and basketball court at corner of North and
School Street. Parking is on School Street.

18 Oakland Street Park

Medway Senior Center. At 82 Oakland Street

19 Bresnahan’s Landing

River, on land formerly owned by Bresnahan family.
Paddlers can paddle downstream to Populatic Pond
and takeout at River Street in Norfolk, barring natural
obstacles such as very high or low water, fallen tees and
beaver dams, all of which change over time. Experienced
paddlers willing and able to handle some fast water
conditions could paddle as far as South Natick before
having to portage over the next dam on the river. Takeouts
prior to South Natick include Route 115 on Millis/Norfolk
line, Forest Road in Millis, Dover Street bridge in Medfield,
Route 27 bridge in Medfield, and Farm Street in Dover.

20 Deerfield Street Pond
Small pond off of Deerfield Street, across from 20 Deerfield
Street. On street parking only. Short trail and benches.
